2004 Membership Renewals

To continue receiving the *Plant Molecular Biology Reporter* and other Society benefits, you must renew your ISPMB membership for 2004. The 2004 renewal form is available in each printed issue of the *Reporter*, in the online *Reporter* (<http://pubs.nrc-cnrc.gc.ca/ispmb/reporter.html>), and at the ISPMB Web site (<http://www.uga.edu/ispmb>).

ISPMB Membership Required to Publish in the *Plant Molecular Biology Reporter*

At the 7th ISPMB Congress in Barcelona, June 2003, the ISPMB Board of Directors initiated a new policy regarding Society membership of authors wishing to publish in the *Plant Molecular Biology Reporter*. As of Volume 22, 2004, at least one author of each article published in the *Reporter* must be a member of the ISPMB. Please indicate the name of one author who is a current Society member in the letter of transmission for all manuscripts submitted to the *Reporter*. Authors, please certify that your manuscript conforms to the instructions for authors found at the *Reporter's* Web site (<http://pubs.nrc-cnrc.gc.ca/ispmb/reporter.html>).

The 8th International Congress of Plant Molecular Biology, Adelaide, Australia, August 20-25, 2006

The ISPMB sponsors an International Congress every 3 years. The 8th Congress will take place on August 20-25, 2006, in Adelaide, Australia. For more information, please contact:
