
CO₂-Concentrating Mechanisms in Photoautotrophic Microorganisms

The 5th International Symposium on Inorganic Carbon Utilization by Aquatic Photosynthetic Organisms

*Saint-Sauveur, Quebec, Canada
24–28 August 2004*

[Mécanismes de concentration du CO₂ dans les micro-organismes photoautotrophes]

Le 5^e symposium international sur l'utilisation du carbone inorganique par les organismes photosynthétiques aquatiques

*Saint-Sauveur (Québec) Canada
24–28 août 2004*

Chairpersons

George S. Espie, University of Toronto at Mississauga
Brian Colman, York University

Organizer

George S. Espie, University of Toronto at Mississauga

Special Editors

Brian Colman, York University
George S. Espie, University of Toronto at Mississauga

Sponsors

Department of Botany, University of Toronto
Department of Biology, University of Toronto at Mississauga
Canadian Society of Plant Physiologists

Présidents

George S. Espie, University of Toronto at Mississauga
Brian Colman, York University

Organisateur

George S. Espie, University of Toronto at Mississauga

Directeurs scientifiques spéciaux

Brian Colman, York University
George S. Espie, University of Toronto at Mississauga

Commanditaires

Department of Botany, University of Toronto
Department of Biology, University of Toronto at Mississauga
Société canadienne de physiologie végétale

CCM 2004
20th Anniversary Meeting
Saint-Sauveur, Quebec
